

FUND OUR FUTURE

Join the campaign to **CHERISH PUBLIC HIGHER EDUCATION**

Public higher education is in crisis due to decades of state underfunding. Be part of the **#RedForHigherEd** movement demanding debt-free access to high-quality public colleges and universities.

The FY 2021 budget must include a \$120 million reinvestment in public higher education. This is the first installment of the ***Cherish Act***, which will restore over five years the \$600 million shortfall created by chronic underfunding of public colleges and universities.

It is time to create a debt-free future for students, end the exploitation of adjunct faculty and part-time staff, and invest in our campuses.

COUNT ME IN to join the campaign to **#FundOurFuture!**

I am willing to:

- Attend Public Higher Education Advocacy Day on Monday, March 2, or other days of action
- Join a local organizing committee or contract action team
- Talk to co-workers
- Come to rallies and other actions
- Attend a community forum
- Hold politicians and decision-makers accountable
- Host an educational coffee, meeting or forum at my home or workplace
- Campaign for college affordability and a debt-free future
- Other: _____

Tell Us Your Story.

*Why does the state need to reinvest in public colleges and universities?
How has student debt affected you, your family or, if you are an educator, your students?*

My Student Debt.

What is the total student debt burden you have, or had, for yourself and/or your children?
